Housing/Inmate Categories

Operating Capacity for an institution represents the reasonable number of inmates that can be accommodated under normal circumstances, based on staff, programs, and services within the institution, and addressing relevant legal/professional standards. Thus, temporary or emergency beds (such as triple-cell beds) and out of service beds are excluded. Operating capacity includes several bedtypes:

- 1) "General Housing" - beds for inmates not designated/requiring "special" supervision and/or services;
- 2) "Special Management" - beds for inmates designated/requiring "special" supervision such as crisis intervention; deathrow; hospital, maximum custody; mental health; protective custody; pre-hearing detention; security detention; safekeeper; and temporary holding (transient); and
- 3) "Programs" - beds for inmates in specific locations for program participation such as assisted living; addictions treatment; Educational Finance Act eligible inmates; habilitation; handicap; Youthful Offender Act programs; reception/evaluation; shock incarceration; transitional care; HIV therapeutic; and sex offender treatment.

This table reports counts of beds and the number of inmates housed by security level. Security level of housing, however, does not necessarily reflect the security classification of the inmates. The security levels reflect their designation as of the date of this report. *Allendale, Evans and Kershaw were converted from Level 3 to Level 2 facilities on April 9, 2003, June 1, 2005 and February 28, 2003, respectively.
